Aspire
Nursery School

Partnered With

Aspire Nursery School partnered with WQED and PBS Kids

Together Aspire Nursery School, WQED and PBS Kids want to bridge the gap between what children are learning at school and at home. We want to show parents how to enrich their children's lives with fun filled activities that are done at school and also at home.

Many of our resources and learning opportunities will include:

- ◆ Learning Activities
- ◆ Instructional strategies specifically designed to concentrate on the developmental functional skills
 - Social Interactions
 - Pre-Academics
 - Language Skills

Our Mission

Our mission at Aspire Nursery School is to provide exceptional learning opportunities for children with varied abilities in a caring and supportive environment.

Each child will gain the confidence needed for educational success.

Our core belief is that every child's fullest potential deserves the opportunity to be realized.

Philosophy

Aspire Nursery School will provide children with a nurturing environment that fosters learning and growth through meaningful play.

Our Preschool Program offers an inclusive setting that recognizes children's varied abilities, interests, needs and learning styles.

**“Education is the
most powerful
weapon which you
can use to change the
world.”**

~ Nelson Mandela

Children learn primarily through play experiences that allow for integration of physical, cognitive, social-emotional, language, self-help and aesthetic developmental areas.

Aspire Nursery School recognizes and targets all areas of development and encourages children to explore, discover and problem solve.

Children learn best when parents are actively involved in their child's educational program.

Aspire Nursery School encourages parents to enhance learning opportunities with suggested home activities provided by our educators.

Communication shared between home and school will enhance your child's success in our program.
